

# TAMP Systems

*Planning Solutions for Business Continuity*

*Planning is no longer an option,  
it's a necessity.*

**TAMP Systems** is one of the few companies worldwide with a **CBCV (Certified Business Continuity Vendor)** certification from **Disaster Recovery Institute International (DRI)**, which is the world-wide leader for education and certifications in **Business Continuity Management (BCM)**.

**TAMP** was also inducted into the **Contingency Planning & Management Hall of Fame**, which awards recognition to vendors that have gained a reputation as trusted advisors to the community of professionals involved in business continuity, disaster recovery, emergency preparedness and enterprise risk mitigation.

**TAMP's** offerings include:

- **Disaster Recovery System (DRS)** a web-based **BCM** software provided as a "Software as a Service" or client-hosted model. The **DRS** software creates plans, keeps plans up-to-date and manages **BCM** data.
- **DRS Smartphone App**, access your BCM documentation as well as manage your incident responses remotely.
- **Consulting Services** to assist in the development of the Business Impact Analysis (**BIA**) as well as plans for **business continuity, disaster recovery, crisis management, pandemics, workforce interruptions** and other disaster incidents.

## Why Use BCM Consulting Services?

Many companies are focused on revenue producing activities and tasks, or just don't have the in-house resources to accomplish and complete a **BCM** project. Most times, the best way to get busy people to participate in a BCM project is to engage a qualified consulting firm.

**TAMP's** certified senior consultants provide a wide variety of scalable consulting services, some of which include:

**TAMP's Flagship product the Disaster Recovery System (DRS)** delivers a menu of standard and customizable plans/reports. This provides authorized system users with a powerful support tool to show operational status, aid audits, document all BCP changes, prove compliance as well as support business recovery.

- 24/7 secure web-managed worldwide access
